## **Stellar Biotechnologies to Present at Biotech Showcase™ in San Francisco on January 7th, 2013**

PORT HUENEME, CA (January 2, 2013) -- Stellar Biotechnologies, Inc. (“Stellar” or the “Company”) (TSX-V: KLH) (PINKSHEETS: SBOTF) (Frankfurt: RBT), the world leader in sustainable manufacture of GMP-grade Keyhole Limpet Hemocyanin (KLH), today announced that the Company will present at the Biotech Showcase 2013 conference in San Francisco at 9:00AM Pacific Time on Monday, January 7, 2013.

The Company will present at the Parc 55 Wyndham - Union Square in San Francisco, discussing the Stellar’s unique investment merits as the only source for a renewable, sustainable and traceable supply of GMP grade KLH for large drug producers. Details of the Company’s current growth initiatives for 2013 will also be provided.

Biotech Showcase™ is an investor and partnering conference devoted to providing private and public biotechnology and life sciences companies with an opportunity to present to, and meet with, investors and pharmaceutical executives in one place during the course of one of the industry’s largest annual healthcare investor conferences. Investors and biopharmaceutical executives from around the world gather in San Francisco during this critical week which is widely viewed as setting the tone for the coming year. For more information, please visit the conference website at <http://www.ebdgroup.com/bts/index.php>

### **About Stellar Biotechnologies, Inc.**

**Stellar Biotechnologies, Inc. (TSX-V: KLH) (PINKSHEETS: SBOTF) (Frankfurt: RBT)** is the world leader in sustainable manufacture of Keyhole Limpet Hemocyanin (KLH). KLH is an important immune-stimulating protein used in wide-ranging therapeutic and diagnostic markets. Potent, yet proven safe in humans, KLH operates as both a vital component for conjugate vaccines (targeting cancer, autoimmune, and infectious diseases) as well as an antigen for measuring immune status. Stellar Biotechnologies was founded to address the growing demand for renewable, commercial-scale supplies of high-quality, GMP-grade KLH. Stellar has developed leading practices, facilities and proprietary capabilities to address this need. ### **Forward-Looking Statements**

The Company's views as of the date of this press release should not be relied upon to represent the Company's views as of a subsequent date. While the Company anticipates that subsequent events may cause the Company's views to change, the Company disclaims any obligation to update such forward-looking statements. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Readers should not place undue reliance on such statements. Except in accordance with applicable securities laws, the Company expressly disclaims any obligation to update any forward-looking statements or forward-looking statements that are incorporated by reference herein. This news release does not constitute an offer to sell, or a solicitation of an offer to buy any of the Company's securities set out herein in the United States, or to, or for the benefit or account of, a U.S. Person or person in the United States. Neither TSX Venture Exchange nor its Regulation Services Provider accepts responsibility for the adequacy or accuracy of these releases.

## STELLAR CLOSES PRIVATE PLACEMENT

PORT HUENEME, CA (January 2, 2013) -- Stellar Biotechnologies, Inc. ("Stellar" or the "Company") (TSX-V: KLH) (PINKSHEETS: SBOTF) (Frankfurt: RBT) is pleased to announce that it has closed a non-brokered private placement announced on November 15, 2012, by the issuance of 1,998,400 units at a purchase price of CDN \$0.25 per Unit to raise gross proceeds of CDN \$499,600. Each unit consists of one common share in the capital of the Company and one transferable share purchase warrant, each warrant entitling the holder to purchase one additional common share in the capital of the Company on or before January 4, 2016, at a purchase price of CDN \$0.40 per share.

In connection with the private placement the Company paid finder's fees to Global Market Development LLC and Antaeus Capital, Inc. consisting of an aggregate of CDN \$24,300 in cash and non-transferable options exercisable into 97,200 units in the capital of the Company on or before January 4, 2016 at a price of CDN \$0.25 per unit, each unit having the same terms as the units issued in the private placement.

All securities issued by the Company pursuant to the private placement are subject to a hold period of four months and one day and cannot be resold until May 3, 2013.

The proceeds of the private placement will be used for manufacturing equipment purchases, contract research and regulatory filings related to a new product opportunity as well as general working capital.

## **Stellar Biotechnologies Announces Board Departure of Malcolm Gefter, Ph.D. with Regret**

PORT HUENEME, CA (January 2, 2013) -- Stellar Biotechnologies, Inc. ("Stellar" or the "Company") (TSX-V: KLH) (PINKSHEETS: SBOTF) (Frankfurt: RBT), the world leader in sustainable manufacture of GMP-grade Keyhole Limpet Hemocyanin (KLH), announces that Malcolm Gefter, Ph.D. has resigned his position as a member of the Company's Board of Directors effective today.

Dr. Gefter said "My resignation is due to an unfortunate, serious, immediate personal circumstance that requires me to not be away from Boston or commit my services in any formal capacity for the foreseeable future. I am very confident that the company is currently on a productive course, and perhaps in the near future I might be available to help in a non-formal way. I remain very interested in helping Stellar in the future if and when I can."

Frank Oakes, CEO said "Malcolm was a very effective director. He helped shape the Company's strategic plans, and brought great industry insight and experience to the Board of Directors as well as to the Scientific Advisory Board. We regret his departure, but completely understand that pressing personal needs take precedence. His offer to continue to support the Company in his capacity as a member of the Scientific Advisory Board is most welcomed, and we thank him for all his previous service as a director."
